| Н | Depth (Total with Freezer Drawer Open) | 57 7 / 8 " (1469 mm) |
| I | Depth (Total with Door Open 90°) | 48 3 / 4 '' (1240 mm) |

INSTALLATION NOTES

- The installation location chosen for the refrigerator should allow space behind the unit for connections and airflow and space in front to open the doors and drawers.
- Too small of a distance from adjacent items may result in lowered freezing capability and increased electricity consumption charges. Allow at least 24 inches (610 mm) in front of the refrigerator to open the doors, and at least 2 inches (50.8 mm) between the back of the refrigerator and the wall.
