

FRONT LOAD WASHERS

WM2150

Performance

- Extra Large Capacity (4.0 cu.ft. IEC)
- DirectDrive™ Motor for the Ultimate in Durability and Reliability
- 1100RPM Maximum Spin for Efficient Water Extraction

Intelligent Fabric Care

- TrueBalance™ Anti-Vibration System
- SenseClean™ System for Intelligent Fabric Care, Water and Energy Efficiency
- 7 Washing Programs / 9 Options
- 5 Temperature Levels
- 4 Tray Detergent Dispenser
- RollerJets™
- Sanitary Cycle
- Delay Wash up to 12 hours for Washing Convenience

Style and Design

- Upfront Electronic Control Panel with Dial-A-Cycle™
- Chrome Rimmed Door with Clear Glass

Technology Benefits

- LoDecibel™ Quiet Operation
- Highly Energy and Water Efficient

LG front load washers exceed Energy Star classifications by a minimum of 39%.

FRONT LOAD WASHERS

TrueBalance™ Anti-Vibration System

Creates a quieter washer operation by reducing vibration and noise.

Electronic Control Panel with Dial-A-Cycle™

Intuitive controls allow you to "press and go".

DirectDrive™ Motor

Power is delivered right to the drum from the motor without belts, resulting in a highly durable, powerful and quiet washing machine.

SenseClean™ System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.

LoDecibel™ Quiet Operation

Direct Drive and auto balancing reduced noise dramatically compared to conventional motors.

Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our 13.7" high drawer pedestals. It also doubles as a great place to store laundry products.
