# WASHER/DRYER COMBO

## Full Size All-in-One Washer and Dryer

### Washer / Dryer Combo

The LG Wash and Dry Combo releases the user from the burden of transferring clothes from washer to dryer. The intelligent wash/dry system automatically programs the machine to wash and then dry clothes.

### TrueBalance™ Anti-Vibration System

Creates a quieter washer operation by reducing vibration and noise.

### DirectDrive™ Motor

When you buy a washer, you don't want to worry that it won't last. Because the DirectDrive™ Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

### SenseClean™ System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.

### Sanitary Cycle

Get tough stains and bacteria out of dirty clothes with this special cycle that boosts water to 158°F.

### RollerJets™

Clothes glide over the RollerJets™ while sprinklers encourage the removal of soil, reducing pilling, fraying, and snags for longer lasting clothing.

### LoDecibel™ Quiet Operation

Direct Drive and auto balancing reduced noise dramatically compared to conventional motors.
