

COUNTER TOP MICROWAVE OVEN

# LMS1271

## PERFORMANCE

- 1.2 cu.ft. Oven Capacity
- 1100 Watts Output Power
- Orbit™ Round Cavity Interior
- Sensor Touch Cooking
- 6 Auto Cook Options
- Intellowave™ Even Heat System
- Soften and Melt Options

## STYLE AND DESIGN

- Available in White(LMS1271SW), Black (LMS1271SB) and Stainless Steel (LMS1271SS)
- Large 360mm Diameter Turntable
- 12 Digit Dual Line VFD Display

# COUNTER TOP MICROWAVE OVEN

LMS1271

## Orbit™ Round Cavity Interior:

Exclusive to LG, this unique curved design optimizes interior space, providing a larger turntable which allows the use of larger serving dishes. Cleaning is easier too because there are no hard-to-reach corners where leftover food particles can create mold and bacteria. The round cavity also improves cooking performance by providing a greater variety of angles for the microwave energy resulting in more evenly cooked food.

## Sensor Cook Technology:

One Touch Automatic Cooking with better results! As food is cooking, a sophisticated steam sensing power levels and cooking time. Upon sensing that food is fully cooked, the microwave shuts off, preventing over or under cooking. With this one-touch convenience feature, food is automatically cooked without having to input quantities or cooking times.

## Additional Features:

**Soften Button (Exclusive!):** Have you ever tried to soften butter, ice cream, cream cheese or frozen orange juice in your microwave oven? The oven has pre-defined options to precisely soften foods and it is the simplest solution to soften butter, ice cream, cream cheese or frozen orange juice.

## Melt Button:

Try to melt chocolate or butter in your conventional microwave oven, what happens? It splatters!! With LG's innovative MELT function, gently melt butter, chocolate, cheese and marshmallows without the mess.

## CAPACITY

Oven Capacity (cu.ft.) 1.2

## FEATURES

Output Power	1100W
Cavity Design	Orbit Round Cavity
Control Type	Touch
Display	12 Digit Dual Line VFD
Available Colours	White (LMS1271SW), Black (LMS1271SB), Stainless Steel (LMV1271SS)
SmartWave™ Inverter Technology	•
Intellrowave Even Heat System	•
Power Levels	10
Sensor Touch Functions	6 (Popcorn, Potatoes, Rice, Frozen Entree, Fresh Vegetable, Frozen Vegetable)
Auto Cook	•
