KEY FEATURES

Door-in-Door®

For those fly-by visits to the refrigerator, the Door-in-Door® feature allows you to get in and get out providing easy access to beverages and snacks. Because food can be accessed without opening the entire refrigerator, reducing cold air loss to help keep food fresher longer.

Modern & Sophisticated Design

Elegant clean lines, contoured doors, hidden hinges, and a host of great interior features give your refrigerator a look as sophisticated as it is functional.

Counter-Depth Profile

Enjoy a built-in look with the counter depth feature on this LG refrigerator. Thanks to its slightly shallower depth, it can stand flush with your countertop to help save space and increase a kitchen's style and aesthetic.

*Percent reduction in exchange rate of air between opening the Door-in-Door® compared to one French Door for 10 seconds. Results based on testing of comparable models with same Door-in-Door® design. Model LSC2291ST (side x side) still being tested.
