ELECTRIC DRYERS

Harness the Power of Steam

LG's **TrueSteam™ Technology** uses a steam generator to produce real steam right into the dryer giving you unique cycle options that remove wrinkles, odours, static and allergens.

The Quick Fix

Late for the party and no time to iron your favourite outfit? The **SteamFresh™ Cycle** refreshes and reduces wrinkles in up to five garments at a time with one 20-minute dryer cycle.

Refresh and Sanitize

SteamSanitary™ Cycle refreshes and sanitizes dry items in the steam dryer. The SteamSanitary™ Cycle kills bacteria on your clothes and is great for decorative pillows and other non-washable items.

Dry Big Loads

Accurately dry big and bulky loads with **7.4 cu.ft. ultra large capacity**. Less time in laundry room, more time for life.

NFC Tag On

Easily change and customize cycles with a **simple tap of a smart phone app**. Can't find a cycle you need? There's an app for that. Your laundry just got a little bit smarter.

Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

Accurate Drying

LG's **Sensor Dry System** measures the moisture levels during the cycle and automatically adjusts the drying time, assuring you get dry laundry every time.
