30" & 36" Radiant Cooktops

Steady Heat Elements

Steady Heat cooking elements deliver constant heat at any temperature for more precise heat control, and respond quickly to every power setting adjustment.

Dual & Triple Elements

LG's premium cooktops offer versatile elements that fit different sized cookware for convenience and even heating.

SmoothTouch™ Glass Controls

Intuitive SmoothTouch™ Controls are extremely easy to use with just a touch. With just a quick glance of the centralized electronic controls you can see which heating elements are activated, and the smooth surface easily wipes clean.

Bridge Element (LSCE365ST)

In addition to being used separately, the left front and the left rear elements can be joined by the bridge element to evenly heat larger pans.

Installation Reference
