

Top Control Dishwasher

with 3-Stage Total Drying

Our Top Control Dishwasher features an innovative 3-Stage Total Drying system—combining Extended Dry, Auto-Open Door, and Air Dry functions—to deliver perfectly dry and spotless dishes, every time. The Bottle Wash Zone uses holders and dedicated jets to spray water directly into bottles and tumblers, ensuring deep cleaning both inside and out. For easier loading and unloading, the 3-Level Height Adjustable Rack can be raised to create extra space on the rack below.
