

NE63T8751SG

SAMSUNG

6.3 cu. ft. Slide-In Electric Range with Flex Duo™

Signature Features

Flex Duo™

- Upper and lower cooking zones that work either independently or together so you can cook a variety of foods using different temperatures and time settings or use the whole oven for large dishes.

Intelligent User Experience

- Simplified control panel remembers your cooking habits while offering intuitive messaging on an LCD with one knob and minimum buttons.

Air Fry

- The ideal way to cook healthier fried food as it eliminates excess fat, but everything is still crispy and brown outside and juicy inside.

True Convection

- A heated fan distributes heat all around the oven and keeps the temperature constant so dishes are cooked quickly and thoroughly.

SAMSUNG

6.3 cu. ft. Slide-In Electric Range with Flex Duo™

Installation Specifications

IMPORTANT: To eliminate the risk of burns or fire caused by reaching over heated surface units, avoid having cabinet storage space located above the surface units. If you have cabinet storage space over the heating elements, you can reduce the risk by installing a range hood that projects horizontally a minimum of 5 inches beyond the bottom of the cabinets.

Dimensions

CAUTION: This range has been designed to comply with the maximum allowable wood cabinet temperatures of 194 °F. Make sure the wall covering, countertops, and cabinets around the range can withstand the heat (up to 194 °F) generated by the range. If not, discolouration, delamination, or melting may occur.

SLIDE-IN CUTOUT

Power Source

240V/60Hz/40A

Electric Ceramic Cooktop

- Right Front: 6"/9"/12", 3000W
- Left Front: 6"/9", 3600W
