## 6.0 cu. ft. Gas Slide-in Range with Oven Camera and Illuminated Knobs

### Signature Features

#### Smart Oven Camera Inside

Check on meals as they cook anytime, anywhere with Smart Oven Camera inside. Share time-lapse videos to your social media to show off your culinary skills.

#### Illuminated Precision Knobs

Precisely control and ensure proper activation of your cooktop with the Illuminated Precision Knobs that must be pinched in before the knobs can be pushed and turned. This range's knobs will also light up when in use to let you know that your cooktop is on.

#### 23K BTU Dual Ring Brass Power Burner

This 23K BTU Dual Ring Brass Power Burner is the most powerful burner in the industry\*, ideal for quickly boiling water, searing meat, stir frying, and much more.

#### Reversible Griddle

Prepare multiple foods at once using the Embedded Griddle that maintains a constant heat for longer. Ideal for sizzling, searing and stir-frying.

#### Air Sous Vide

Lock in flavour and moisture and avoid overcooking using Air Sous Vide.

## 6.0 cu. ft. Gas Slide-in Range with Oven Camera and Illuminated Knobs

### Installation Specifications

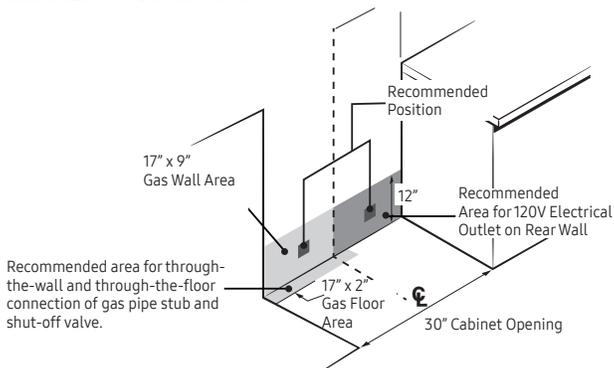

**IMPORTANT:** To eliminate the risk of burns or fire caused by reaching over heated surface units, avoid having cabinet storage space located above the surface units. If you have cabinet storage space over the heating elements, you can reduce the risk by installing a range hood that projects horizontally a minimum of 5 inches beyond the bottom of the cabinets.

\* A minimum of 30" is required between the top of the cooking surface and the bottom of an unprotected wood or metal cabinet; a minimum of 24" is required if the bottom of the wood or metal cabinet is protected by not less than 1/4" of flame retardant millboard covered with not less than no.28 MSG of sheet steel, 0.015" of stainless steel, 0.024" of aluminum, or 0.020" of copper.

\*\* A minimum of 15" is required between the countertop and the adjacent cabinet bottom.
