6.1 cu. ft. Bespoke AI Vented Laundry Combo™ All-in-One Ultra Capacity Washer and Electric Dryer with AI Home

Dimensions

Installation Specifications

If the Laundry Combo is installed in the same location with other washer or dryer, the front of the alcove or closet must have two unobstructed air openings for a combined minimum total area of 72-inch².

Alcove or closet installation

Minimum clearance for closet and alcove installations:

*To install with a 2-inch rear clearance, duct piping must be installed so that it protrudes above the product.

A minimum of 4 inches of rear clearance must be secured when the duct pipe needs to be installed below the back of the product.

Please install according to the installer's guide during installation.
