LORRAINE

24" French Door Beverage Center - SPRBC047D1SS

PRODUCT FEATURES

CUTTING-EDGE TEMPERATURE MANAGEMENT SYSTEM

Superior fan-forced cooling removes the risks of inner climate fluctuations and inconsistencies, while the advanced airflow system efficiently dissipates heat to considerably improve the longevity of the cooling system.

SHEDDING ILLUMINATION

Set the mood with our Pro-luminosity feature, select the interior lighting, a crisp arctic white or chill azure blue. Choose the intensity, bright and bold at 100% illumination or soft and subtle at 50% illumination.

NON-EXISTENT INTERFERENCE ISSUES

The zero-clearance hinge system on this unit makes for a flush fit integrated built-in that will blend seamlessly with neighboring cabinets. Surrounding surfaces will also be safe from bumps and nicks due to these ingenious door joints.

PRODUCT DESCRIPTION

Whether you prefer a pint over a Pinot, or corks rather than cans, this dual temperature zone center has room for both. The French door design makes each side equally accessible, and you will never have to sacrifice any beverage selection again.
