

Product: 30 Inch Induction Cooktop
Model Number: TIH30

TECHNICAL DETAILS

Heating Element	Induction
Power Cord	47 1/4" without plug
Voltage / Frequency	240v / 60Hz
Certification	ETL, RoHS, FCC
Amperage	30A

ELEMENT DIMENSIONS

Product Size (WxDxH)	30" x 21" x 2 1/4"
Cut out Size (WxD)	28 3/4" x 19 5/16"
Carton Size (WxDxH)	35 1/16" x 27" x 6 7/8"
Product Net	35.27 lbs
Gross Weight	44.09 lbs
[1] Left Rear Zone	7"
[2] Left Front Zone	9"
[3] Right Rear Zone	11"
[4] Right Front Zone	7"

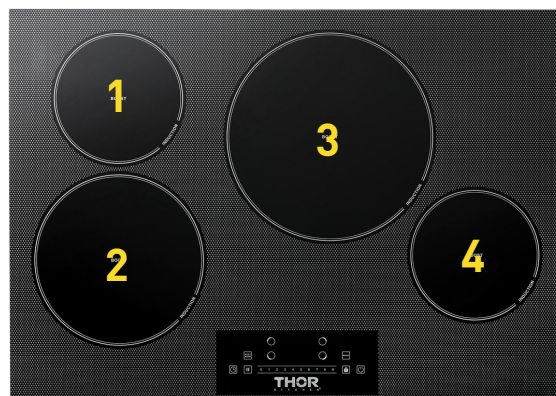

FEATURES & BENEFITS

- 4 Elements:** The cooktop's total power is 7,200 W with one 11-inch 3,700-Watt, one 9 inch 2,100-Watt, and two 7 inch 1,500-Watt elements to cover your cooking needs.
- 9 Power Levels:** So you can simmer a sauce or crank up the heat for a caramelized sear—now that's control.
- Power Boost:** The cooktop elements offer a power boost adjustment so you get to your desired temperature fast.
- Touch Controls:** Digital LED displays are touch and slide controlled and easy-to-read for the whole family and spills and grease can easily wipe away.
- Residual Heat Indicators and Lock:** This cooktop also features a Residual Heat Indicator and Child Lock so that you and your kiddos don't burn your hands.
- Automatic Safety Shut-Off:** The unit will auto turn-off without a cooking pot present after 2-8 hours of non operation- safety first. depending on power level. See the graph below for power levels and time.
