

HORIZON

A dramatic, low-profile freefall just inches from the kitchen wall sweeps upward in a thirty-degree lift. So begins Robert Brunner's new-minimalist range hood, in striking red, black or white glass on stainless steel. The glass surface may be etched in one of our patterns—a leaf motif on white glass, or flower on black glass. The removable front panel doubles as easy blower access for cleaning or service with no heavy lifting. A duo of halogens completes the picture.
