

## GENOVA

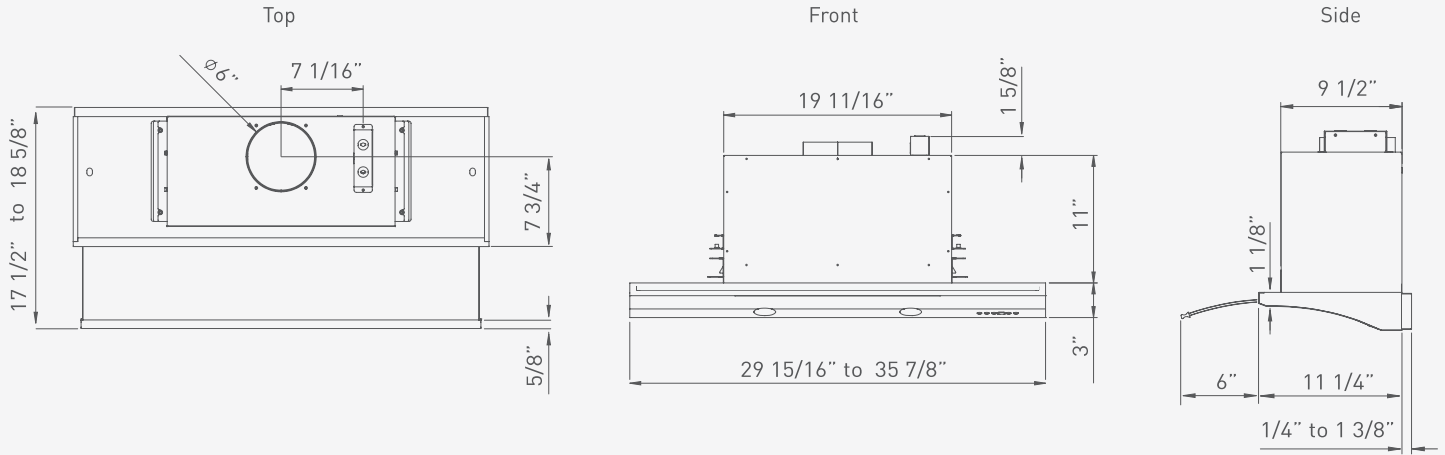

Tucked neatly underneath your bridge cabinet, Genova quietly goes to work. Powered by the strength of its 500-CFM blower, Genova's crescent-like body delivers stunning design and quality performance. Its retractable glass visor helps in the capture of air and puts control at your fingertips requiring just a pull of the visor to control the hood's motor and lights. Packed with upgrade features like 3-speed electronic controls, dual-level halogen lights and an optional re-circulating kit, the wireless remote control almost feels gratuitous. Genova is perfect for kitchens that require a more discreet look.

- Discreet under-cabinet design
- 290 or 500 CFM blower
- 1.7 sones at normal working speed
- 3-speed electronic controls
- Optional wireless remote control
